

Grandis

Eucalyptus Grandis

A large, fast growing plantation hardwood. Heartwood pink to pale red. Sapwood not always clearly differentiated. Texture moderately coarse but even. Grain straight. Excellent for mill work. Available in long lengths. Also known as Red Grandis.

Application Suitability

Furniture • Cabinetry • Joinery

Density	550
Specific Gravity	0.60
Modulus of Rupture (Mpa Dry)	87
Modulus of Elasticity (Gpa Dry)	12
Radial Shrinkage	4%
Tangential Shrinkage	7%

Hardness (janka) (kN)	5.0
Finish	Good
Gluing	Good
Machining	Good
Sapwood Lyctid susceptible	No

Stability	Fair
Durability	Durable
Screwing Split Resistance	Good
Nailing Split Resistance	Good
Growing region	Uruguay
Availability	Widely
