

Multi-purpose flat countersunk head

• **T-STAR plus**
Positive and secure fit of the BIT and better driving, eg: when working overhead.

• **Ground serrations**
For quick and easy fastening.

• **MULTI Head**
Easy countersinking.

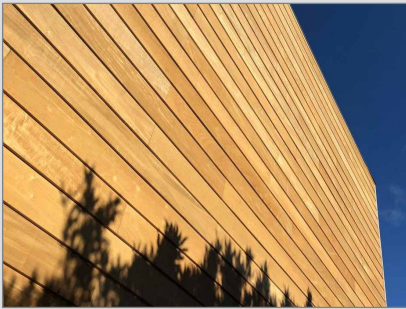

• **4CUT**
No pre-drilling required. The point effectively reduces splitting. The square end pushes aside the fibre of the wood to reduce the screwing-in torque.

Applications

- Cladding
- Decking
- Multi-purpose
